

Firth Primary School Covid Update Wednesday 16th Feb 2022

We currently have no confirmed cases at Firth Primary School. Should we receive notification of a confirmed case we want to reassure all our whanau that we have robust processes in place to ensure our tamariki and whanau are safe. We will inform you of the steps you will need to take in the event of one of our students testing positive with COVID. We have provisions in place to ensure that teaching and learning continues for our students if they need to isolate. Please feel free to email our Principal with any questions or queries you may have. Principal@firth.school.nz
