

Kia ora Whanau

Lockdown level 4 Update: I am just catching up with the news after being part of a family birthday dinner. Something I am extremely grateful to have as we go into lockdown once again for the next 3 days. Firth Primary School will be CLOSED for the next 3 days. Due to the speed of this lockdown and the importance of maintaining hauora, please simply enjoy this time with whanau. Teachers will continue to be in contact with your children and please continue to access the online sites which your child currently uses. If you are unsure please do not hesitate to contact your child's teacher.

Like you, we will closely watch the progress of the next day or two. We are all in this together and as a school community we will work together to get through this period with a sense of purpose and a whole lot of kindness!

Take care and stay safe

Nga mihi

Michelle
